OUR POLITICAL FAITH.

REPUBLICAN DUPLICITY

THE REPUBLICAN CONVENTION in its recent Chicago meeting passed a resolution that hereafter representation in the National Republican Convention shall be based not upon population but upon the strength of the republican vote in the state.

This is nothing more or less than a scheme to disfranchise the Colored brother in the South. But this seems to have escaped that ever scrutinizing eye of republican leaders among our group who are clamoring wildly, blindly and hopelessly for the success of the republican ticket this fall.

It is not the vote of the leaders among the American Colored people that usually piles up of a republican majority in national elections but the vote of the common people. In the past, these people have been miserably imposed upon and misled by the ardent leaders of the G. O. P. forces, but at last the world has been pulled from their eyes and they are exercising common sense in political affairs. They are thinking and acting for themselves and as long as this is true there will be no avalanche of Colored votes for the republican party in either National, State or county elections.

If the republican party has seen fit to base representation in its national conventions upon the republican vote in the Southern States, why not go a step farther on the same grounds and reduce the republican representation in Congress? Indeed it's a smooth but unholy game the republican leaders are playing, but the common fellows in the G. O. P. ranks are getting wise, and when they are fully awakened to this true situation in the political world the would-be republican politicians will have to take to tall timber to save their hides.

THE OLD TIME hide bound republican is a thing very much out of fashion among members of our group nowadays. In the language of Bobby Burns they are proclaiming, "A man's a man for a' that," and in the eyes of the world they are admirably proving that they are men and no longer chatties in the group of the republican party.

IN THE HEAT OF BATTLE, let us not forget that the men we elect to office in our own county and state is of far more importance to us than the election of a president of the United States. "Look after the little things and the big things will take care of themselves," is an old saying that applies very aptly in this case.

THE SPECIAL INVESTIGATION inquiring into the lynching of the Chandler boy in Oklahoma City last month has resulted in the exoneration of the sheriff and jailor—just as we expected. Now let's see what Special Grand Jury now investigating the lynching of the white boy here will do.

tried before, and such evidence could be introduced without Jones' presence in court."

Judge Zick proceeding further, said: "Because it is a technical case is no reason why I should look with disfavor on the motion of the county attorney. It is purely a technical case no doubt, but under the circumstances the bondsmen nor the defendant are not entitled to any favor

Inter-Racial Conference Held in the State Capital Building.

LEADERS OF TWO RACES MEET IN CAPITOL BUILDING TO DISCUSS RACIAL PROBLEMS

Splendid Impetus Given to Inter-racial Movement

OKLAHOMA CITY, Sept. 23—Responding to a call issued by Gov. J. B. A. Robertson last Friday to a committee appointed by him several months ago in a conference of white and Colored leaders for the purpose of considering detail plans for the permanent organization of a branch of the Southern Sociological Congress, which Committee was augmented at a meeting in the executive office early last week, fifty Colored men and ten white men met in a conference in the House of Representatives here today and discussed permanent organization. The program as outlined by Gov. Robertson, but which was not considered today because of the Governor's absence was as follows:

Lynching—"First, that the Negro should be liberated from the blighting fear of injustice and mob violence. To this end it is imperative that lynching be prevented."

1. By the enlistment of Negroes themselves in preventing crimes that provoke mob violence.

2. By prompt trial and speedy execution of persons guilty of heinous crimes that provoke mob violence.

3. By legislation that will make it unnecessary for a woman who has been assaulted to appear in court to testify publicly.

4. By legislation that will give the Governor power to remove the sheriff for failure to protect a prisoner in his charge.

Civil Rights

Second, that the citizenship rights of the Negro should be safeguarded particularly:—

1. By securing proper traveling accommodations.

2. By providing better housing conditions and preventing extortionate returns.

3. By providing adequate educational and recreational facilities.

Racial Co-operation

Third, that closer co-operation between white and Colored citizens should be promoted, (without encouraging any violation of race integrity):—

1. By securing proper traveling accommodations.

2. By providing better housing conditions and preventing extortionate returns.

3. By providing adequate educational and recreational facilities.

Racial Co-operation

2. By providing better housing conditions and preventing extortionate returns.

3. By providing adequate educational and recreational facilities.

1. By securing proper traveling accommodations.

2. By providing better housing conditions and preventing extortionate returns.

3. By providing adequate educational and recreational facilities.

Racial Co-operation

1. By organizing local committees, both the white and colored races in communities as possible for the consideration of the inter-racial problems.

2. By the employment of Negro physicians, nurses and policemen as far as practicable in work for sanitation, public health and law enforcement among their own people.

3. By enlisting all agencies possible in fostering justice, good will and kindness in all individual dealings of the members of one race with members of the other.

Educational

Fourth—That constructive measures, both legislative and otherwise, be put into operation for the general uplift of the indigent classes of both the white and colored race in the way of affording them better educational facilities and better opportunities to become self-supporting in the various industrial and professional pursuits."

The Inter-racial Movement for the consideration of the differences arising between the races had a splendid impetus in the meeting and will doubtless result in much good.

Among those present whom can be mentioned were: Hon. J. Goody Johnson, Wewoka, R. Emet Stewart Muskogee; Rev. C. R. Tucker, Tulsa; G. W. Sawyer, Chandler; Roscoe Dungee, Editor of Black Dispatch and others. In the absence of Gov. J. B. A. Robertson, Judge Keaton presided and about ten of his race were present to participate. The Chairman briefly discussed the tentative program and was followed by eloquent presentations of the conditions confronting the Colored citizens of Oklahoma by Attorney Stewart and Sawyer. The former covered the questions of lynching, segregation, separate coaches for travel and disfranchisement in an exhaustive manner. Mr. Turner, a white man, spoke deploring mob law and expressing belief in equality of the races. Through the efforts of Attorney Selby and Rev. Tucker it was decided to appoint a committee to draft an outline for permanent organization. The Governor was empowered to appoint 5 from each race from each county as representatives to meet November 16th next.

A solo by Mrs. Jackson was very pleasingly rendered.

Executive Secretary G. A. Gregg purpose of the "Y" and complimented the teachers and other citizens on such a fine co-operative spirit as is in evidence.

Refreshments in keeping were served. All departed feeling that the Y. M. C. A. has a real human touch and is sure to do much good in the community.

Mr. N. A. Thompson, membership Secretary of the Central Association addressed the meeting last Sunday.

Prof. McGill, with his violin, Mr. Latimer with his cornet, Mr. Grier with his cello and Mr. Abbott at the piano helped greatly in the song service.

HUNTON BRANCH Y. M. C. A. ENTERTAINS THE TEACHERS OF THE PUBLIC SCHOOLS.

A very interesting program was rendered Wednesday evening in the Auditorium of the High School. Addresses were made by Dr. Wesley Jones, Chairman of the Social Committee of the "Y," Prof. Woods, Principal of the High School and Prof. J. W. Hughes, Principal of Dunbar School.

THE Y. M. C. A. MEMBERSHIP IS ON

The Hunton Branch "Y" has put on a drive to bring in 500 members. The "Y" stands for the whole development of the man, and holds out a welcome hand to every man and boy from 16 years up to join its ranks and battle for a clean manhood. The future of the race depends entirely upon the development of the present man power.

If we fail to develop the boy into a clean, strong man, the race is doomed. Join the "Y." The membership fee is only \$1.00 for individual membership; \$5.00 for Business men's membership. Only one City South of the Mason Dixon Line has a modern "R" for Colored. Let us make Tulsa second.

G. A. GREGG, Executive Secy.

LANGSTON TEACHER ENTERTAINED

Muskogee, Okla., Sept. 23—During her recent visit to this city, Miss Cornelia Thomas, Instructor of Physical Culture at Langston University, was very enjoyably entertained by a reception given in her honor by her former associate and friend, Mrs. L. C. Clark. One of the special features of the evening was the singing of Langston University songs by the Langstonites who participated. Quite a number of de-

lightful musical selections of a high order were rendered by the Misses Miller of Chicago and Johnson of Dunbar School. Mrs. A. C. Roker also sang a pleasing solo. Miss Thomas, the honoree of this occasion, is a graduate of Harvard University and is conceded to be unexcelled in her special field.

SPEARS BACK FROM BAPTIST CONVENTION

(Star News Service) FREDERICK, OKLA., Sept. 24—Rev. B. J. Spears, our popular pastor, has returned from his trip to the far east where he was one of the many thousands of Baptists attending the National Baptist Convention. He says this meeting was one of the most remarkable ever held not alone because of the large attendance, but on account of the enthusiasm aroused on every hand. He also reported that the East is fairly seething with political efforts being made in behalf of the various candidates for the presidency.

Mr. J. G. Glynn has his new store ready for occupancy, but he has not formed a decision as to when he will move in.

Cotton is just looking fine in this section and the demand for swift cotton pickers will soon be urgent. Some enterprising farmers have begun to pick already.
